Duran named 2017 Krevans Award recipient

April 25, 2017 - 9:10am

Pedro Duran, MD [1]

First-year psychiatry resident Pedro Duran, MD [1], has been selected as the recipient of the 2017 PGY-1 Krevans Award by his peers and faculty members at Zuckerberg San Francisco General Hospital and Trauma Center (ZSFG) for his outstanding clinical skills and dedication to serving vulnerable and underserved patients. He will receive his award at the annual ZSFG Medical Staff Dinner in June.

The Krevans Award, named for the fifth chancellor of UCSF, is given annually to one intern in each specialty at ZSFG in recognition of "excellence in patient care, as exemplified by clinical competence, professional conduct, compassion for patients and outstanding interaction with all levels of staff, including peers."

About UCSF Psychiatry

The UCSF Department of Psychiatry [5] and the Langley Porter Psychiatric Institute are among the nation's foremost resources in the fields of child, adolescent, adult, and geriatric mental health. Together they constitute one of the largest departments in the UCSF School of Medicine and the UCSF Weill Institute for Neurosciences, with a mission focused on research (basic, translational, clinical), teaching, patient care and public service.

UCSF Psychiatry conducts its clinical, educational and research efforts at a variety of locations in Northern California, including UCSF campuses at Parnassus Heights, Mission Bay and Laurel Heights, UCSF Medical Center, UCSF Benioff Children's Hospitals,
About the UCSF Weill Institute for Neurosciences

The UCSF Weill Institute for Neurosciences, established by the extraordinary generosity of Joan and Sanford I. "Sandy" Weill, brings together world-class researchers with top-ranked physicians to solve some of the most complex challenges in the human brain.

The UCSF Weill Institute leverages UCSF's unrivaled bench-to-bedside excellence in the neurosciences. It unites three UCSF departments?Neurology, Psychiatry, and Neurological Surgery?that are highly esteemed for both patient care and research, as well as the Neuroscience Graduate Program, a cross-disciplinary alliance of nearly 100 UCSF faculty members from 15 basic-science departments, as well as the UCSF Institute for Neurodegenerative Diseases, a multidisciplinary research center focused on finding effective treatments for Alzheimer's disease, frontotemporal dementia, Parkinson's disease, and other neurodegenerative disorders.

About UCSF

UC San Francisco (UCSF) is a leading university dedicated to promoting health worldwide through advanced biomedical research, graduate-level education in the life sciences and health professions, and excellence in patient care. It includes top-ranked graduate schools of dentistry, medicine, nursing and pharmacy; a graduate division with nationally renowned programs in basic, biomedical, translational and population sciences; and a preeminent biomedical research enterprise. It also includes UCSF Health, which comprises top-ranked hospitals ? UCSF Medical Center and UCSF Benioff Children's Hospitals in San Francisco and Oakland ? and other partner and affiliated hospitals and healthcare providers throughout the Bay Area.
