

Welcome to the UCSF Department of Psychiatry and Behavioral Sciences

Advancing mental health across the lifespan

The UCSF Department of Psychiatry and Behavioral Sciences and the Langley Porter Psychiatric Institute are among the nation's foremost resources in the fields of child, adolescent, adult and geriatric mental health. Together they constitute one of the largest departments in the UCSF School of Medicine [1] and the UCSF Weill Institute for Neurosciences [2], with a mission focused on research (basic, translational, clinical), teaching, patient care and public service.

UCSF Psychiatry and Behavioral Sciences conducts its clinical, educational and research efforts at a variety of locations in Northern California, including Langley Porter Psychiatric Hospital and Clinics, UCSF campuses at Mission Bay and Laurel Heights, UCSF Medical Center, UCSF Benioff Children's Hospitals, Zuckerberg San Francisco General Hospital and Trauma Center, the San Francisco VA Health Care System, and UCSF Fresno.

Our faculty members are recognized for their leadership roles in state-of-the-art, comprehensive and compassionate patient care, pioneering research, excellence in training the next generation of leaders, advancing public policy to advance mental health and commitment to diversity. We are dedicated to advancing mental health across the lifespan for the people of the Bay Area and the world.
